

D P Jayasinghe Industry Conglomerate Launches Piling Company

Since its inception in 1960 as a transport company, D P Jayasinghe Group of

Companies has progressively evolved to become a conglomerate specialising in diverse aspects across multiple industries. The Group with a portfolio that comprises of Transport, Heavy Machinery, Construction, Clearing and Forwarding, Marine Logistics, Real Estate and Property, Warehouse Complex and Container Yard is now furthering its services and expertise with the launch of its latest venture D P Jayasinghe Piling.

“D P Jayasinghe Piling is not simply another piling company in the industry. Instead we offer a highly personalised service that delivers a complete solution to each client. Furthermore, since year 2010 we have been undertaking construction work,” says Upali Jayasinghe, Chairman/Managing Director. Accordingly D P Jayasinghe Piling sets a benchmark with technologically advanced equipment sourced from Sri Lanka’s market leader and German specialists in foundation engineering machinery, BAUER Maschinen Group.

At present D P Jayasinghe Piling is armed with two units from BAUER and is intent on importing a third equipment unit in the near future. The speclialised equipment affords capacities that range from 600 mm to 2,000 mm in diameter. The Company has been setup with a total investment of 750 million rupees and is complete with a well-equipped workshop as well.

On par with the specialist technology and innovation on offer is the Company’s expert service personnel. “We recruit the best in the industry to ensure that we are able to deliver on all aspects required by clients,” adds Upali Jayasinghe. As a result clients can avail of its all-round capabilities with readily available experts in the industry that include engineers, operators, assistant engineers, consultants and quantity surveyors.

The Group of Companies launched its newest venture D P Jayasinghe Piling under the auspices of Chief Guest Gotabaya Rajapaksa, Secretary to the Ministry of Defence and Urban Development. The launch saw the attendance of industry experts from top engineers to consultants and in particular structural engineers. The Company’s new website www.dpjpiling.lk was also launched at the occasion.

In line with the legacy of the Group’s Founder Deshabandu D P Jayasinghe that spans over 50 years, D P Jayasinghe Piling sets a new industry standard in heavy machinery. Consequently the Company’s capabilities afford feasibility and convenience, paving the way for upcoming projects in a burgeoning industry of Sri Lanka.
