Mobitel Launches ‘Master Unlimited Data’

Mobitel launched ‘Master Unlimited Data’ by providing unlimited mobile data for cus□tomers to explore and enjoy the world at their fingertips. This package trailblazes with unlimited mobile data, enabling Mobitel postpaid customers to elevate their digital lifestyle at a modest monthly rental of 2,999 rupees. Offering super-fast and reliable speeds in 4G and 4.5G, the package will empower mo□bile internet users to video stream at high quality, online gaming and get engaged in any other online related activity with their Smartphones without any interruption or being fearful that data will be over. Mobitel remains committed to bringing the latest in mobile technology to Sri Lanka on par with global standards. The company trialed 5G, showcasing Mobitel’s abil□ity to successfully deliver real time 5G experience with Gigabit speeds to the general public. Mobitel also embarked on the significant 4.5G/4G-LTE net□work expansion in Sri Lanka. Mobitel has further increased the 4.5G/4G-LTE coverage, thereby strengthening its position for High-Speed Mobile Broadband across the country.
