

Singer Introduces An Array Of Built-In Kitchen Appliances

The built-in kitchen appliances by Singer Sri Lanka

Accompanying all equipment in a small space has become the theme of the ‘all-inclusive’ modern kitchen and to support that Singer Sri Lanka has come forward to match the request of interior designers by introducing a total built-in kitchen appli□ances range, comprising Singer, Beko, Indesit and Häfele.

waves, refrigerators, dishwashers and hobs and hoods, are manu□factured to meet modern kitchen needs. Singer’s built-in ranges of kitchen appliances have an

in□stallation mechanism that eas□ily fit into pantry cupboards. As today’s architects are more concerned about open area de□signs, many houses are built with the ‘pantry open to living’ concept. This has encouraged house owners to make the pan□try, the most attractive part of the house. Singer Sri Lanka of□fers the best built-in kitchen appliance range with latest technologies to fulfill people’s desire to have a luxurious pantry. Customers can design and build a modern kitchen using Singer, Beko, Indesit and Häfele built-in appliances range from any Singer Plus, Singer Homes and Singer Mega showrooms and receive concessions and month□ly installment facilities through credit cards.
