SLT Further Expands Its Teleshop Network For Customer Convenience

Sri Lanka Telecom (SLT), the nation’s number one integrated communications service provider, recently opened its 30th and 31st Teleshops in Homagama and Ambalangoda. These teleshops are one-stop centres performing a variety of functions for customers such as settling all SLT bills, obtaining new broadband internet and telephone connections (wireline or wireless), lodging of complaints, and investing in new telecommunications equipment.

These Teleshops are indeed important to us, as we equip ourselves to offer unmatched convenience to our valued customers across the country,” said Shoji Takahashi, Chief Executive Officer, SLT. For more information, please go to www.slt.lk.
