# Toyo Tire Among The Top Ten Largest Tire Manufacturing Companies

Toyo is a technology-focused global brand with an extensive product lineup acclaimed for exceptional performance and quality. Tire products are for passenger vehicles, large vehi□cles such as SUVs, CUVs and pickup trucks as well. All tire types have gained worldwide acceptance over many years and has established a long standing OEM partnership with Japanese motor companies.

Toyo further improved its tires with Spiral Winding and a Rim Flange Protector.

Using High Elongation Steel Cord and Belt Defender Tech□nology allows Toyo to extend its casing warranty longer than any other manufacturer and aggres□sively developing and promoting NANO-ENERGY to achieve the goal of fuel efficient tire that rolls smoothly on dry roads and stops safely on wet roads

G C Roche and Company, a subsidiary of Douglas and Sons (DSL) is the sole distributor for TOYO tires in Sri Lanka.

TOYO tires are available from dealers island-wide.
