(l - r) L Dahanayake, Head of Finance; M C G Mahipala, Head of Human Resources; Kavinda Mahawedage, Head of Public Sector, IFS; Dammika Ranatunga, Chairman, AASL exchanging the MOU with Shiraz Lye, Managing Director/VP, Sales and Marketing, IFS in South Asia; Stephen Keys, President, IFS APJMEA; and Imalka De Silva, Senior Solution Advisor, IFS.

IFS announced that Airport Aviation Services (Sri Lanka) (AASL) will deploy IFS Applications 10 as its ERP backbone for business processes such as Finance, Supply Chain, Payroll, Maintenance across its airports.

The solution will provide the company with complete process visibility in real time as well as improved information accuracy across its operations.

“We are impressed with the capabilities of IFS Applications and are delighted to work with a global ERP provider that has such a successful track record in supporting companies particularly in the aviation/aero-space and defense industry,” said Sanjeeva Wijeratne, Executive Director, AASL.

He further commented, “We are confident that IFS will deliver a quick and efficient project and pave the way for process improvements and enhanced efficiencies.”

IFS Applications 10 will be deployed at the company’s two main international airports, Bandaranaike International Airport and Mattala Rajapaksa International Airport, together with Colombo International Airport Ratmalana, Batticaloa International Airport, as well as Jaffna International Airport.

Shiraz Lye, Managing Director/VP Sales and Marketing, IFS in South Asia, added, “It is a significant milestone in our journey to provide our services to an organization such as AASL, contributing to the national economy of Sri Lanka. We are confident that IFS’s technology

will bring about great improvements in efficiency, in addition to greater visibility and integrity across the company's vast scale of operations".

"IFS fully understands the business challenges associated with such a large-scale implementation and our team has extensive experience in working with clients in this sector and are geared to meet the high standards of AASL," stated Kavinda Mahawedage, Head of Public Sector and Strategic Accounts, IFS.
