

An Account in Minutes, a Lifetime Relationship with Pan Asia Bank

Posted on

Pan Asia Bank is excited to announce 'LIME,' one of the fastest customer onboarding channels in the banking industry, launching in 2025.

Dissatisfied with lengthy account opening processes, customers can now open current and savings accounts in just minutes, eliminating unnecessary paperwork and branch visits. The bank's user-friendly interface ensures a seamless experience, making banking more

accessible. This innovative platform leverages advanced technology to ensure secure and hassle-free account openings, accommodating a wide range of customer needs. Whether you're a first-time account holder or seasoned professional seeking better banking solutions, Pan Asia Bank offers an experience tailored to your lifestyle.

Naleen Edirisinghe, Director/CEO, Pan Asia Bank said: "The launch of Pan Asia Bank Customer on-boarding platform marks a significant step in our commitment to providing customer-centric and technologically advanced banking solutions. By putting our customers first, we have created an account-opening process that aligns with the fast-paced, digital-first world we live in today."

Customers can now take the first step towards a smarter banking experience by visiting their nearest Pan Asia Bank branch, reaching out to our customer service team, or exploring our services through official communication channels.

This initiative is part of a broader vision that entails introducing more customer-centric innovation that will suit the growing need for digital-first products. By prioritizing customer preferences and leveraging advanced technologies, our goal is to create seamless, intuitive, and efficient experiences that align with modern banking trends.
