Bank of Ceylon Celebrates World Environment Day with a Focus on Coastal Conservation

BOC celebrates World Environment Day emphasizing coastal conservation efforts.

In celebration of World Environment Day, the Bank of Ceylon partnered with the Department of the Wildlife Conservation and the Divisional Secretariat Colombo and launched a significant environmental initiative.

The event featured an awareness program focusing on environmental conservation and preserving natural resources for a better future. Following the awareness session, participants engaged in a hands-on beach clean-up at the Galle Face Turtle Beach conservation area. This initiative highlighted the importance of protecting marine life and maintaining clean and healthy coastal ecosystems.

The event garnered support from multiple governmental and non-governmental organizations, which play a pivotal role in preserving the environment. Their participation and contributions helped reinforce the collective commitment to a

sustainable future.

“We are pleased to have partnered with key stakeholders for this significant initiative,” said the Assistant General Manager, Sustainable Banking of the Bank of Ceylon. “We aim to raise awareness and take actionable steps towards environmental conservation, ensuring a healthier planet for future generations.”

Bank of Ceylon remains dedicated to fostering sustainable practices and promoting environmental consciousness through various programs and initiatives. This event supports the bank’s ongoing efforts to make a positive impact on the environment and the community.
