Browns General Trading Division Introduces Plumtek

The officials at the event.

Browns General Trading Division (GTD), the leading provider of world-renowned high quality hardware solutions in Sri Lanka proudly introduced ‘Plumtek’— the newest addition to its extensive portfolio.

Plumtek offers a wide range of ABS taps, valves and faucets that are designed to meet the needs of customers.

Sakkthi Polymers-India, the parent company of Plumtek is an ISO certified manufacturer that strives to sustain the highest quality standards. Being an innovative brand, Plumtek uses the latest technology in the world and the best raw materials to manufacture the products. The products have been designed with a special focus on quality and durability.

ABS (Acrylonitrile Butadiene Styrene) used in manufacturing Plumtek products, is a special material that fully optimizes performance in the aspect of weatherability, heat stability and ductility. Plumtek products are entirely leakproof and available in a range of colors.

Thushara Gamage, Chief Executive Officer of Browns General Trading said, “With product innovation resting at the heart of Browns GTD’s operational vision, the decision to tie up with Plumtek was both organic and obvious. With a heritage of

144 years, Browns has evolved through generations and become a trusted brand in the local market. Since Plumtek is powered by ABS technology, top quality is assured. Moreover, Plumtek is quite an affordable plumbing solution that has a huge market potential.”

Speaking on the partnership with Browns, P Mohan, MD, Sakkthi Polymers-Euroaqua Plumtek, India stated, “It is a great pleasure for us to partner with Browns, which has a re□markable history of 144 years. We have no doubt that this partnership would bring im□mense benefits to their custom□ers. Our partner Browns is a pioneer in this field and we are confident about the success in our engagement. Also, this will add great value to the portfolio of Browns.”

“We chose Browns to be our partner because of their proven track record and expertise, and most importantly, owing to their reputation for innovation in providing superior quality prod□ucts. As a giant in the industry, Browns has established a strong re-distribution network and an extensive supply chain. We truly look forward to working with them to provide the best plumbing products to a wider market and growing this mutu□ally beneficial partnership to reach greater heights”, he fur□ther added.
