

ComBank At One Galle Face Mall

Posted on

ComBank at One Galle Face Mall.

Merchants at One Galle Face Mall, Colombo's first international and luxurious retail development, can now benefit from Sri Lanka's first-ever Android-based payment acceptance solution, powered by the Commercial Bank of Ceylon.

With one multi-function smart terminal, merchants can accept standard credit and debit card-based payments, contactless 'Tap and Go' payments and QR code payments - a preferred payment mode among Chinese shoppers.

Hasrath Munasinghe, the Deputy General Manager of Marketing, Commercial Bank said: "As a bank that is constantly seeking to develop and deploy technology that facilitates convenience and security, we welcome the opportunity to be the banking partner of the largest international mall in the country. This partnership with One Galle Face Mall is a testament to Commercial Bank's reliability and innovativeness, and re-affirms the trust that has been built up over the years."
