

DFCC Bank Extends Tailored Support with the ‘DFCC Ethera Saviya’ Loan Scheme

Posted on

Attuned to the pulse of its customers, DFCC Bank has launched “DFCC Ethera Saviya” – a unique, tailored loan scheme to help finance the cost of migration for individuals seeking employment overseas.

“DFCC Ethera Saviya” is available for individuals registered with the Sri Lanka Bureau of Foreign Employment (SLBFE) and about to migrate. It also applies to those who have migrated, particularly to countries such as South Korea, Japan, Israel, Romania, the UAE, Saudi Arabia, Qatar, and Oman. ‘DFCC Ethera Saviya’ can assist individuals with meeting migration costs, such as agency, visa, SLBFE fees, and airfares.

Anton Arumugam, SVP – Offshore Banking, Remittance, and Business Development, said, “Our customer-centric approach ensures that we are in sync with the needs of our customers. Thus, we understand that many customers are considering opportunities overseas, and we would like to help realize their aspirations. Also, Sri Lankan expat workers help generate much-needed foreign exchange for Sri Lanka through inward remittances, so it is prudent that we support them. In addition to supporting the costs of migration, DFCC Bank is pleased to provide an additional incentive per US dollar for all Ethera Saviya loan repayments when they are made through ‘Lanka Money Transfer’, our inward remittance platform, which 11 other banks also use in Sri Lanka. DFCC Bank is doing its best to understand and meet the needs of its customers, and ‘DFCC Ethera Saviya’ is a result of that endeavor.”

DFCC Bank was ranked amongst Business Today’s Top 40 Corporates in Sri Lanka.
