## DFCC Bank's Credit Card Balance Transfer Facility

DFCC Bank came up with an innovative Balance Transfer facility that allowed customers to spread their credit card re payment. This offering from DFCC Bank was intended to ensure that those who use this facility will be on the right track towards effective financial management and independence.

It allowed individuals to consolidate their credit card outstanding conveniently. All that a cardholder needed to do was transfer their current due balance to a DFCC credit card to enjoy the facility of settling the amount in 12 monthly installments with a zero percent interest rate.

Customers who signed up for DFCC credit cards were able to use this facility and were entitled to many more privileges such as a waived-off joining fee and first-year annual fee provided the card was obtained before May 31, 2021. DFCC Credit cards also allow cardholders to save with every swipe as a cashback rate of one percent is valid for every transaction. Together with exciting year around card offers and zero percent easy payment plans at selected merchant locations, this offering from DFCC is simply unmatched.

DFCC Bank was ranked amongst Business Today's Top 30 Corporates in Sri Lanka.
