DFCC Takes Yet Another Step Towards Digitalization by Accepting LankaSign Digital Signatures

DFCC Bank continues to strive towards improving customer experience and efficiency by implementing digital signatures across its network.

In partnership with LankaSign, DFCC Bank customers can now conveniently forward all formal requests and authorizations for transactions by placing a digital signature. Registered customers of LankaSign, a part of LankaPay, can enjoy this service, which is internationally accepted and offers full legal compliance in Sri Lanka.

Thimal Perera, CEO, DFCC Bank, said, “While providing an unmatched level of convenience and accessibility, the transition to digital signatures also aligns with our sustainability goals. By adopting digital signatures, we are furthering our award-winning drive towards paperless banking, helping to reduce our environmental footprint. This also ensures a much more seamless and secure banking experience for our customers. Therefore, we invite all DFCC Bank customers to register with LankaSign and take advantage of digital signatures to digitalise their banking journey with us.”

DFCC Bank is ranked among Business Today’s Top 40 Corporates in Sri Lanka.
