

DIMO Introduces The Latest Mercedes-Benz Trucks And Vans

Posted on

DIMO is the authorised distributor for Mercedes-Benz vehicles in Sri Lanka, with the relationship between Daimler AG and DIMO spanning more than seven decades. In addition, DIMO provides 24 Road Side Assistance with its after sales services and the Mercedes-Benz warranty for every new purchase. DIMO boasts of a fully fledged modern workshop for Mercedes-Benz passenger cars in Colombo and a modern state-of-the-art workshop facility in Siymabalape for commercial vehicles.

Mercedes-Benz trucks traditionally have been trailblazers in the area of safety. The Safety Truck, a Mercedes-Benz Actros, combines all currently available assistance and safety systems. With Active Brake Assist the Safety Truck autonomously initiates emergency braking if a collision with a vehicle traveling ahead appears unavoidable.

This applies to the Actros, Axor and Atego truck lines and to the special-purpose vehicles from Mercedes-Benz Trucks. The Mercedes-Benz Econic is known as the specialist for municipal, collection and short-range distribution services. The new off-road truck for operation in the most difficult terrain, the Mercedes-Benz Zetros,

rounds off the range.

The product range of Mercedes-Benz Vans includes privately and commercially used vans, MPVs and camper vans. The Vito, Viano and Sprinter models convince the world market with innovative safety technology, a vast range of variants, and drive systems that provide for optimum fuel consumption. In particular, the Mercedes-Benz Sprinter impresses with variability, safety and environmental protection. DIMO is initially introducing the 21 seater Sprinter which will definitely add star class image and unparalleled safety assurance to the booming tourism industry.
