eChannelling, a subsidiary of SLT-MOBITEL, has partnered with the Rotary Club of Colombo West (RCCW) to strengthen Sri Lanka's mental healthcare infrastructure through a CSR initiative. The company will provide financial assistance to renovate and upgrade mental health facilities, with a primary focus on the Psychiatric Ward at the National Hospital of Sri Lanka or another similar institution, as needed. This partnership reflects eChannelling's dedication to enhancing national healthcare and promoting mental wellness.

Leveraging SLT-MOBITEL's advanced technology, eChannelling extends its impact beyond digital services, supporting improved physical healthcare environments. The collaboration benefits communities by improving treatment facilities and reinforces eChannelling's reputation as a socially responsible healthcare leader committed to holistic national well-being.
