EngEx 2025 powered by SLT-MOBITEL celebrates engineering excellence

Prof. Lilantha Samaranayake, Dean, Faculty of Engineering, University of Peradeniya, Prabhath Dahanayake, CMO, SLT-MOBITEL, Rohana Ellawala, Deputy CMO, Product Marketing, and Harshana Bhagya, President, Engineering Student Union.

EngEx 2025, organized by the Faculty of Engineering at the University of Peradeniya, will be powered by SLT-MOBITEL as the title partner. SLT-MOBITEL’s support reflects a commitment to advancing engineering education and fostering future innovators, aiming to make EngEx 2025 Sri Lanka’s largest engineering exhibition.

EngEx 2025 will be held from September 23 to 27, 2025, at the University of Peradeniya. The exhibition will showcase innovative projects from engineering students and aims to connect industry and academia, inspire future engineers, and support national development. The event promotes collaboration for technological progress in Sri Lanka and inspire future engineers. Prof. Lilantha Samaranayake, Dean, Faculty of Engineering, highlighted that the exhibition will emphasize engineering innovations for a sustainable future, featuring ten zones including Artificial Intelligence, Biomedical Engineering, and Sustainability. SLT-MOBITEL will demonstrate its digital solutions, such as fleet management and 5G technology, allowing visitors to experience AR/VR demos and trial 5G connectivity.

Prabhath Dahanayake, CMO, SLT-MOBITEL, stated, “Our partnership with EngEx 2025 highlights our commitment to nurturing Sri Lanka’s young engineers and innovators. This exhibition connects industry, academia, and talent, promoting skills development for a digitally inclusive future. Our support reflects our dedication to empowering Sri Lanka’s digital landscape and fostering innovation.”
