

Häfele Collaborates With Commercial Bank

Häfele offers a plethora of solutions from door hardware to furniture, kitchen fittings, home appliances, furniture lighting, sanitary fittings and interior surfaces. This has strengthened Häfele's position as a complete home interiors specialist brand.

Häfele has now partnered with Commercial Bank through a special period offer that allows Häfele customers to avail attractive discounts on the purchase of any Häfele products at their company-owned design showrooms.

Saurav Das, Head of International Business South Asia, Häfele, says, "Commercial Bank is Sri Lanka's most trusted bank with a customer base of over three million. We are happy to be associated with such a legacy bank. We are positive that this collaboration will bring immense value to both brands alike. Through this 'special-period' discount offer tie-up, Commercial bank cardholders will be able to enjoy discounts up to 11.25 percent on credit cards at Häfele showrooms at Colombo 4, Moratuwa and Kandy. The objective is to enhance the shopping experience with Häfele and reward the Commercial Bank cardholders by providing attractive discounts and offers."
