HNB has partnered with DIMO to introduce specialized financing solutions for heavy machinery, providing businesses and contractors with tailored leasing options for globally trusted machinery brands represented by DIMO.

The initiative covers equipment from internationally recognized manufacturers, including BOMAG rollers, Kaeser compressors, Everdigm breakers, Gehl skid steer loaders, Car Mix self-loading concrete mixers, and Komatsu construction and earth-moving machinery, all of which play a key role in construction, infrastructure, manufacturing, and industrial operations across Sri Lanka.

Kanchana Karunagama, Senior Vice President/Head of Retail Banking, HNB, commented that the partnership goes beyond financing by supporting livelihoods,

empowering businesses, and creating opportunities for communities nationwide. He noted that accessible financing for reliable machinery would help enterprises grow while contributing to the country’s economic progress. The collaboration combines DIMO’s engineering expertise with HNB’s retail banking and leasing strengths to create an accessible financing framework for businesses of all sizes.

Under the program, HNB will offer special leasing rates, first-year waived annual fees on credit cards, and discounted machinery insurance premiums through HNB General Insurance. Gahanath Pandithage, Group Managing Director/CEO, DIMO, emphasized that the partnership would help businesses invest confidently, strengthen livelihoods, and support industrial growth across Sri Lanka.
