HNB has extended its partnership with John Keells CG Auto to introduce a comprehensive vehicle leasing program for customers purchasing BYD and Denza vehicles in Sri Lanka. The collaboration offers customers a range of benefits aimed at making electric and hybrid mobility more accessible while providing greater financial flexibility. Under the partnership, HNB will offer special leasing rates with flexible residual value options and facilities of up to seven years. Customers will

also receive an HNB credit card with the first-year annual fee waived, along with discounted vehicle insurance premiums through HNB General Insurance.

Sanjay Wijemanne, COO, HNB, said Sri Lanka's vehicle market is entering a new era driven by innovation, efficiency, and cleaner mobility. He noted that the partnership combines HNB's financial expertise with globally recognized automotive technology, enabling customers to access BYD and Denza vehicles through flexible financing solutions and ownership benefits.

John Keells CG Auto CEO Charith Panditharatne said the partnership enhances the ownership experience by combining attractive financing with charging solutions, servicing support, and roadside assistance. He added that BYD and Denza represent world-class automotive innovation, providing customers with access to the future of mobility in Sri Lanka.
