

HNB Finance Partners With Mobitel

(L- R) Udana Gunasinghe, Head of Marketing, HNB Finance; Manjula Kimani Munasingha, Head of Business System Development (BSD); Chaminda Tharanga, Chief Manager Legal; Pradeep Dias, AGM ICT/CIO; W S P Anagala, Chief Operating Officer; B M D C Prabhath, Managing Director/CEO, HNB Finance; Isuru Dassanayaka, Senior General Manager - Marketing, Consumer Marketing, Mobitel; Hiranya Kumarathne, Product Executive - Mobile Financial Services, Consumer Marketing, Mobitel; Rishani Gunaratne, Manager - Mobile Financial Services, Consumer Marketing; Rukshani Wickramasinghe, Account Manager - Enterprise Business, Enterprise Business; Shelan Peneh, Assistant Manager - Mobile Financial Services, Consumer Marketing; and Kalih Perera, Manager - Enterprise Sales, Enterprise Business.

Bringing the benefits of digitalization to a wider audience, mCash opened its platform to HNB Finance in order for the company's customers to enjoy ease and facility to make their leasing and loan repayments via mCash.

HNB Finance customers can dial #111# from their Mobitel phone or download the mCash App and select HNB Finance by following specific instructions given on the menu, or customers can visit any of the mCash retailer locations island-wide.

“With technological innovation resting at the heart of HNB Finance's operational vision, the decision to tie up with a popular, trusted and efficient platform like mCash was both organic as well as obvious,” said Chaminda Prabhath, Managing Director and CEO, HNB Finance. “We are confident that this partnership will enable both our organizations to deliver greater convenience to our significant customer base and spur further growth across our digital channels.”

mCash is a Mobile Wallet conceptualized by Mobitel and approved by the Central Bank of Sri Lanka leveraging on its telecommunication infrastructure to securely enable financial transactions by using a mobile phone.

mCash offers services such as sending and receiving money, mobile reloads and bill payments, bank deposits, utility and institute payments, online and in-store shopping payments via mCashQR, as well as digital loans.
