HSenid Celebrates 10 Years

Posted on

hSenid Software International celebrated its 10th year anniversary recently. With the aim of giving something back to the loyal customers who have been with the organisation for the past 10 years as well as those who would join the hSenid customer family in the future, the company organised a leadership summit which was targeted mainly at the managers and executives of all leading establishments in Sri Lanka.

The summit was graced by high speaker profiles such as Dian Gomez, Bodyline Group CEO who spoke about aligning Sri Lankan organisations to become world class through his experiences at bodyline, Ranjith Fernando Independent Consultant on Leadership Role and Fergus Barry, Managing Director of TotalERM, Ireland.

"2007 is the 10th anniversary of our company's founding, and giving something back and serving the community that has kept us going for 10 years is what we aimed at achieving from this event," said Dinesh Saparamadu, CEO, hSenid Software International.

Looking to the future, hSenid's goal is to build on what has been accomplished in the past 10 years by continuing to strive to be a global leader in the industry as well as aiming to provide innovative, secure and easy-to-use products and services.
