LUBE VR experience and kitchen model

Access Lifestyle was part of A'19 – Architect's Exhibition, and received a merit award for Innovative design tec – Access Lifestyle LUBE VR experience and kitchen model the 'Most Innovative and In- formative Trade Stall'. Visitors were able to witness an interesting collection of innovative products at the exhibition, which included European kitchen brand – LUBE which offered a specialized Virtual Reality experience.

Cucine LUBE is one of the leading Italian kitchen companies, which has been in the global market for over 50 years and is working with 92 partners worldwide. The LUBE kitchens are also manufactured with materials that are 100 percent recyclable. Added to the LUBE VR experience, Access Lifestyle gave its A'19 visitors the chance to see Hansgrohe Showers in person and experience the soft fall of the all new powder rain feature and many more.

These innovative collections are now available at Access Tower 2, Union Place and Access Experience Centre, Nawala.
