Marshaling investment of over one billion rupees for Jaffna is a commendable achievement by the Jetwing Hotels, MMBL -Pathfinder Group, Regency Teas and several others, who had placed their confidence in the project. Among the institutional investors is Leon Holdings, headed by a Sri Lankan expatriate hailing from Jaffna, who is a partner of a successful business venture in Europe. The project has also succeeded in providing employment for over 80 youths from Jaffna, who were provided with training in hospitality industry by Jetwing Hotels.

It has been a long and arduous journey for Yarl Hotels to witness the successful culmination of the project. The land on which the hotel was constructed had been purchased in 1975 by late Deshamanya N U Jayawardena, the first Sri Lankan Governor of the Central Bank and entrepreneur, who realized the potential of Jaffna over 40 years ago! Jetwing Hotels and MMBL-pathfinder Group took the decision to go ahead with the project in July 2010 and the former Prime Minister D M Jayaratne laid the foundation stone for the hotel in February 2012. It took four years for the project to come to fruition, overcoming numerous obstacles.

Speaking at the event John Amaratunga, Minister for Tourism said that there were others interested in investing in Jaffna and that the Ministry of Tourism Development was planning to open a hotel school in the peninsula. Hiran Cooray, Chairman - Jetwing and Governor Reginald Cooray invited the Tamil Diaspora to return to Sri Lanka and make use of the investment opportunities in the Northern Province. Chairman Jetwing Hotels highlighted that it was a long and a difficult journey to realize the dream of having a Jetwing operated hotel in Jaffna. "Despite initial difficulties we faced, I was convinced that Jaffna was ready for a modern hotel and youth in the peninsula would be eager to choose hospitality industry as a career option," said Hiran Cooray.
