Lamborghini Notebook Series from ASUS

ASUSTek Computer (ASUS) and Automobile Lamborghini recently announced a comprehensive partnership that merges advanced information technology and automobile heritage. The Lamborghini Notebook Series available in both yellow and black, it is the ultimate combination of technology and automobile fusion.

“The ASUS and Lamborghini alliance brings together two brands that represents the highest quality and performance;’ said Tony Chen, Director of ASUS. With Lamborghini’s cutting-edge industrial designs, the all-new notebooks provide a breath of fresh air to the boring looks of existing portable PCs. The result is the stunning Lamborghini Notebook Series that inherits all the striking traits of a true Lamborghini revolution.
