MELWA FOUNDATION OPENS SURAKSHA CHILDREN

The entrance to Suraksha Children's Center, Negombo District General Hospital.

One of the wards equipped with facilities such as beds, fans and stainless steel cupboards.

The large lobby area providing a soothing ambiance.

P P Murugunandhan, Director, Melwa officially handing over the completed Suraksha Children's Center to Rajitha Senaratne, Minister of Health, Nutrition & Indigenous Medicine and A J M Muzammil, Governor of Western Province.

Melwire Group of Companies' CSR arm, Melwa Foundation undertook the construction of Suraksha Children's Center in the Negombo District General Hospital.

Melwa being a 100 percent Sri Lankan family-owned company, is into the steel indus□try and has invested in pharmaceutical, hospi□tality and leisure sectors too. The Group had contributed an amount of 200 million rupees for this worthy cause.

The ground and first floors of this building consist of two wards with over 50 beds each. Each ward is equipped with beds, fans, and stainless steel cupboards for individual patients. In addition to the in-house facilities, it has a play area for the children and special facilities for the doctors and nurses.

> **The Public As Well As The Medical Specialists At The Negombo District General Hospital… Thanked The Melwa Group For Their Noble Contribution.**

A vibrant-colored fish-tank is the highlight of the expansive lobby, and all entry area walls are adorned with large cartoon paintings of animals and nature. The second floor has a child development clinic, where the required thera□py and other interventions are provided

The public as well as the medical specialists at the Negombo District General Hospital em□phasized that this had been a long-felt need for the area and thanked

the Melwa Group for their noble contribution. Melwa Group has also taken on the responsibility of the long-term maintenance of the Center.
