

Mercedes-Benz Escorts Olivia Newton-John

Posted on

A Mercedes-Benz M-Class SUV was used to bring the singer and actress Olivia Newton-John from Bandaranaike International Airport to Colombo Hilton and back for her performance of hits from the 1970's and 80's. A new S-Class with design interior was used to take her around the city. She was so delighted with her experience in the new S-Class that she chose to travel Down South after her performances in the same vehicle. She said she was thrilled with the handling and the performance of the S-Class along the Southern Expressway.
