

Mobitel Introduces The Next Generation Samsung Note10 And 10+

Mobitel is offering its customers the opportunity to own the most eagerly awaited next generation Samsung Galaxy Note10 and 10+, the launch of which marks yet another milestone for Mobitel. The Galaxy Note10 and 10+ devices are being hailed as the Next-Level Power Smartphones with its revolutionary S Pen and new camera features, including Zoom-In mic, Video Bokeh and an intelligent battery of up to 4,300mAh. Mobitel is offering 4GB monthly for 12 months with every phone purchase.

The Galaxy Note10 and 10+ are available at selected Mobitel outlets. Combining next-level camera, performance and productivity tools with a sleek and slim design and an immersive display, the Galaxy Note10 and 10+ is available for the first time in multiple sizes, and in a choice of two prismatic hues. Furthermore, the Galaxy Note10+ features the biggest Note display ever with a 17.16cm (6.8 inch) Cinematic Infinity-O Display in an impressively slim design. The Galaxy Note10 is meant for users who want the power of the S Pen and ultimate productivity in a compact form factor with a 15.94cm (6.3 inch) Cinematic Infinity-O Display. Galaxy Note10+ will be available in 12GB RAM+256GB and 12GB RAM + 512GB variants. With a Micro SD card, customers can add additional 1TB storage. Galaxy Note10 will be available in 8GB RAM + 256GB variant. Both devices are available in two colors. The Galaxy Note 10 and 10+ will be available in Aura Glow and Aura Black
