Mobitel Launches New Package

Mobitel launched ‘Unlimited Roaming Data, SMS and Voice for US$10’, the first of its kind to be made available in Sri Lanka. This product is a boon for executives who travel frequently for work and need to make mul□tiple calls to their family back in Sri Lanka or to other parts of the world. Even though they may be traveling overseas, this new soluion makes them feel like they have never left home because Mobitel gives the best and most affordable rates to connect with their loved ones as often as they want. Many Sri Lankans are traveling abroad routinely to holiday in exotic locations and love to record every experience on social media platforms.

This affordable Unlimited Roaming Data, Voice and SMS package from Mobitel for US$10 is a great value-for-money offer. Prior to the introduction of this package by Mobitel, hefty roam□ing charges made it difficult for Sri Lankans traveling abroad to stay in touch with home and family, while proving expensive at the same time. Mobitel’s Unlimited Roaming offer now ensures users can travel the world and remain con□nected at all times via data, voice or SMS whenever they need to, without worrying about having to pay astronomical bills. This package fulfills a long□felt need for an affordable mobile roaming package to make travel fun and worry-free.
