Ajith Mannapperuma, State Minister to the Mahaweli Development and Environment Department (fourth from right) and Ronald C Perera, Chairman, Bank of Ceylon (third from left) exchanging the MoU, in the presence of Senarath Bandara, CEO/GM, BOC; C Amarasinghe, DGM – Sales and Channel Management, BOC; E M Jayaratne, DGM – Retail Banking (Range 1 and Range 2), BOC; Anura Dissanayake, Secretary to the Ministry of Mahaweli Development and Environment; M P D U K Mapa Pathirana, State Secretary to the Ministry of Mahaweli Development and Environment; and W A C Weragoda, Conservator General, Department of Forest Conservation.

Mobitel is partnering with National IT Conference (NITC) 2019 as Mobile Communication Partner.

It will be dedicated to embrace digital, which is Mobitel's domain as it consistently pioneers the latest digital products and services to lead the industry. NITC will focus on Digital Media, Digital Safety, AI and IoT, Digital Payments and Digital Infrastructure. Mobitel has firmly positioned itself as an innovator, driving Sri Lanka's ICT transformation. It is the first telecom to unveil a dedicated Internet of Things (IoT) concept store, X Station, the hub for futuristic technology products and services for people to experience the tech revolution. This shows Mobitel's readiness to evolve with the rapidly changing digital technology and to bring the latest ICT advances to Sri Lanka. The conference will feature 30 Sri Lankan and international speakers who will address the audience on the future digital trends. The event attracts CIOs, business leaders, risk professionals, information security and Governance professionals, IT managers, and software managers. NITC is organized by the Computer Society of Sri Lanka (CSSL), the apex body that represents ICT professionals in Sri Lanka. As the flagship ICT event in Sri Lanka, NITC is the largest and longest running IT conference in the country.
