Mobitel’s Special Data Bundle Offer

Mobitel is partnering with Samsung to offer customers the opportunity to enjoy a special data and voice bundle for those purchasing the Samsung Note 10, 10+ and the Galaxy A80.

Existing Mobitel Post Paid or prepaid customers can enjoy 4GB monthly data free for 12 months from the date of activation (which has to fall before December 31, 2019) to browse and view their favorite shows and movies on the selected Samsung devices pur□chased from any Mobitel or Samsung dealer outlets.

New customers can activate a new SIM card from Mobitel main branches, SLT Teleshops, Singer Mega outlets and authorized Mobitel dealers islandwide. After inserting the SIM into the respec□tive Samsung device and follow□ing the first reload in the case of new pre-paid connections, the customer needs to dial #256# on the phone to activate the free data offer.

Customers will receive an SMS confirmation upon activation and can then proceed to enjoy this exciting offer of free data from Mobitel on their Galaxy Note10 and 10+, or A80.

This bundle offer is only valid for Mobitel customers (existing and new, prepaid and postpaid Mobitel customers) with a 4G SIM and will be provided in addition to the

current data package sub□scribed by the customer, exclud□ing Mobitel MASTER Unlimited Data Packages.

The Samsung Galaxy Note 10, 10+ and A80 can be purchased from both online and offline channels, through selected au□thorized partners at select loca□tions. The devices are available for online purchasing and the offline purchases can be made at Samsung Experience stores, Mobitel, Damro, JKOA, Singer, Singhagiri and Softlogic outlets including authorized dealers island-wide.
