Nawaloka Construction Purchases 20 Tata Tippers

Nawaloka Construction Company is an organisation that offers multidisciplinary services to suit customer requirements for over 60 years. It has the Category C1 for Building Works and P1 for Piling Works in the ICTAD Grading and is a Member of the NCCASL. Nawaloka Construction recently purchased 20 nos of TATA LPK 1615 Tippers from Diesel and Motor Engineering (DIMO). These will be used for their ongoing and new projects to strengthen the existing fleet. Nawaloka Construction is involved with piling, high-rise buildings and factory buildings, land development and irrigation works, roads and bridges, water supply schemes and elevated water tanks. The vehicle handing over ceremony was held at their vehicle yard in Kelaniya under the patronage of Jayantha Dharmadasa, Chairman – Nawaloka Construction Company, Ranjith Pandithage, Chairman/MD – DIMO, Gahanath Pandithage, CEO – DIMO, Vijitha Bandara, COO – TATA Division, Nishantha Priyanjith, CFO – Nawaloka Construction Company, Rajiv Jaiswal, Country Manager – TATA Motors, Nalinda Kurukulasooriya, DGM – TATA Commercial Vehicles, and Gayan Vadysinghe, Manager (Building Services) – Nawaloka Construction Company.

TATA LPK 1615/36 8.5CM TIPPER comes with a TATA Cummins 6 BT, 142 hp turbo charged direct diesel engine. It provides much power and better traction in all terrain road conditions. The LPK 1615 tipper has high fuel efficiency with a low maintenance cost.
