

Orient Finance Introduces A New Facility For Their Valued Customers - The Lease Top - Up Card

Posted on

On reaching a landmark 10 years of offering financial solutions since commencing operation in 2003, Orient Finance has introduced an innovative new leasing product. The company introduced a value addition to their existing customers by offering a Premium Lease Top-up Card. This is a special offer to their valued customers as a token of appreciation and goodwill. Eligible customers can obtain the card which can be submitted to any of the Orient Finance branches to receive cash amounting to the total paid-off on their lease. In effect the lease would be brought back to the original amount. Suneetha Priyadarshani was the first customer to receive a lease facility with the Top Up Card from Rajeeva Bandaranaike, CEO - Orient Finance.
