Pan Asia Bank has signed a Memorandum of Understanding with Hayleys Mobility, the mobility arm of Hayleys Fentons, to accelerate the adoption of electric and hybrid vehicles in Sri Lanka. The partnership supports the country's transition to sustainable transport through seamless and affordable financing solutions.

Under the agreement, Pan Asia Bank will offer specially curated leasing and financing packages for New Energy Vehicles (NEVs) distributed by Hayleys Mobility, including globally recognized brands such as OMODA and JAECOO from Chery Automobile Co. The initiative strengthens the Bank's 'Pan Asia EV Plus' offering, which combines vehicle financing with rooftop solar loan solutions to promote clean,

energy-efficient lifestyles. The financing schemes feature competitive interest rates and flexible repayment options for individual and corporate customers.

Naleen Edirisinghe, Director/Chief Executive Officer, Pan Asia Bank, said that the partnership reflects the Bank's commitment to sustainable development and its promise of being the 'Truly Sri Lankan Bank,' contributing to the nation's environmental and economic future.
