Through a partnership with People's Bank, People's Leasing & Finance provides Western Union international money transfer pay-out services. This collaboration not only expands the remittance services network of People's Leasing but also enhances accessibility for customers nationwide. With over 110 locations of People's Leasing & Finance across Sri Lanka, customers can conveniently receive Western Union money transfers.

Stemming from its vision of "to become legendary in the financial-service scene as a provider of customer-friendly, creative and innovative total solutions," PLC focuses on empowering the customer. As part of the collaboration, many offerings have been incorporated to ensure recipients enjoy Western Union's services at PLC. These include a dedicated software system (fully automated system) and a central remittance unit at the Head office, which will support smooth operations while performing tasks, addressing customer issues, complaints.

Shamindra Marceline, Director/CEO of PLC said, there has been a notable rise in

Sri Lankans living and working abroad who actively support their families back home. He emphasized that when receiving money from overseas, customers seek convenience, speed, and reliability. PLC is pleased to fulfill these requirements through its collaboration with Western Union, extending their services not only to urban areas but also to rural regions. PLC has always prioritized customer aspirations and will continue to do so, striving to provide exceptional service. “I would like to express our sincere appreciation to People’s Bank for their instrumental support in enabling us to operate as a subagent of People’s Bank for offering the Western Union branded money transfer services and for their unwavering assistance throughout the implementation phase,” he concluded.
