Our theme is 'Plan your Future with an Expert', so once you complete your education, we want to help you find work opportunities and ultimately migrate to Australia or New Zealand.

Applying for an MBA program in Australia or New Zealand includes many benefits. The MBA provides students the option to study across a variety of disciplines with the opportunity to specialize. The course also helps develop business knowledge and enhance practical skills needed in the global market.

Eureka Consultants can guide applicants to get the permanent residency by studying in Australia and New Zealand through a number of visas. Students are furthermore eligible for a work visa for a period of two to three years upon completing their MBA programs. There are also opportunities to be a qualified member for the Chartered Accountants (CA) in Australia and New Zealand as well as Certified Practicing Accountant (CPA) Australia. It also offers a fully fledged service for students arriving overseas by providing settlement supports such as airport pick-up, temporary accommodation and part-time jobs. The agency also arranges visa assistance for visitation from family members, spouses and dependents. Eureka Consultants was awarded the best performing education agent for Southern Cross University for 2016-2017 and 2017-2018 consecutively. They provide valuable information to students and their families and have one of the highest visa success rates in the industry.
