

Singer Introduces An Array Of Built-In Kitchen Appliances

Posted on

The built-in kitchen appliances by Singer Sri Lanka.

Accompanying all equipment in a small space has become the theme of the 'all-inclusive' modern kitchen and to support that Singer Sri Lanka has come forward to match the request of interior designers by introducing a total built-in kitchen appliances range, comprising Singer, Beko, Indesit and Häfele.

waves, refrigerators, dishwashers and hobs and hoods, are manufactured to meet modern kitchen needs. Singer's built-in ranges of kitchen appliances have an installation mechanism that easily fit into pantry cupboards. As today's architects are more concerned about open area designs, many houses are built with the 'pantry open to living' concept. This has encouraged house owners to make the pantry, the most attractive part of the house. Singer Sri Lanka offers the best built-in kitchen appliance range with latest technologies to fulfill people's desire to have a luxurious pantry. Customers can design and build a modern kitchen using Singer, Beko, Indesit and Häfele built-in appliances range from any Singer Plus, Singer Homes and Singer Mega showrooms and receive concessions and monthly installment facilities through credit cards.
