SLT-MOBITEL has entered a strategic partnership with Rosemere Apartments, a residential complex, to provide residents with a state-of-the-art PEO TV solution powered by advanced fiber-optic technology.

The partnership was formalized through an agreement signed by Chethana Attanayake, General Manager of SLT's regional Business, and Nalinda Dharmasena, Owner of Rosemere Apartments. The collaboration brings cutting-edge digital entertainment directly to residents' homes through SLT-MOBITEL's robust fiber infrastructure.

Rosemere Apartments is renowned for its modern architecture, innovative building features, and commitment to comfort and convenience. Strategically located in a prime area, the

apartments offer an exceptional urban living experience with many premium amenities. Designed to provide a secure and luxurious environment, Rosemere Apartments is an ideal choice for individuals and families seeking an upscale lifestyle.

Through collaboration, residents will have access to PEO TV, Sri Lanka's premier IPTV platform. This platform offers an extensive selection of high-definition channels, on-demand content, and interactive features. The service, delivered through SLT-MOBITEL's ultra-fast fiber connectivity, provides uninterrupted streaming and superior picture quality. The partnership represents SLT-MOBITEL's ongoing commitment to revolutionizing digital entertainment in Sri Lanka. The integration of cutting-edge PEO TV services significantly enhances the residents' living experience at Rosemere Apartments, enabling them to enjoy premium entertainment with superior quality and reliability.

It further reinforces SLT-MOBITEL's position as a leader in digital transformation, delivering innovative solutions that meet the evolving needs of Sri Lankan households. The installation of PEO TV at Rosemere Apartments marks another milestone in providing next-generation entertainment and connectivity solutions for modern living spaces.
