

SLT-MOBITEL EngEx 2025 celebrates future engineers and innovators

At the SLT-MOBITEL EngEx 2025.

EngEx 2025, powered by SLT-MOBITEL, celebrating engineering excellence, concluded on a successful note. EngEx 2025, the most significant engineering exhibition of its kind to be held in Sri Lanka, was organised in collaboration with the University of Peradeniya’s Faculty of Engineering, which marked its Diamond Jubilee.

A strong crowd of over 52,000 attendees, including industry leaders, innovators, students interested in pursuing engineering, and members of the general public, visited the EngEx 2025 exhibit.

As the national information and communication technology (ICT) solutions provider, SLT-MOBITEL believes engineering innovation plays a vital role in driving national progress. Collaborating as the title partner for the exhibition, SLT-MOBITEL is reinforcing its commitment to nurturing Sri Lanka’s next generation of engineers and innovators.
