

# **SLT-MOBITEL eSports Platform Delivers a Rewarding Gaming Experience**

Posted on

---

Celebrating gaming as the next entertainment frontier, SLT-MOBITEL is delivering its thrilling eSports platform with multiple rewards for everyone.

The SLT-MOBITEL Gaming and eSports Platform – [esports.slt.lk/](https://esports.slt.lk/) is Sri Lanka's only fully pledged esports portal offered by a telco.

The web-based, user-intuitive platform provides gaming enthusiasts access to competitive tournaments, challenges, community, and private game servers in addition to eSports content and streamed feeds from among the world's best influencers.

Taking eSport in the country to another level, SLT-MOBITEL subscribers and non-customers can access the platform by selecting prepaid options. Multiple subscription levels are available with varied subscriptions for time intervals and reward standings catering to different Gamer requirements.

The Weekly Gamer is available as a weekly subscription priced at 99 rupees. Similarly, the Monthly Gamer and Monthly Streamer packages offer a monthly subscription of 299 rupees and 499 rupees, respectively.

Gamers can now purchase in-game currency and other gaming-related digital items directly from the SLT-MOBITEL Rewards Store via [esports.slt.lk/rewards](https://esports.slt.lk/rewards). The Reward store is open to all, with attractive prepaid payment options available. Gamers can easily sign-up via the platform by selecting 'my points' and purchasing gamer points to redeem any reward on the reward store. A wide variety of in-game currencies are also available in the reward store. Gift cards, tournament passes, and much more can be obtained from the store.

The players can play in tournaments and take on challenges, thus receiving multiple

rewards, but they also have access to private edge servers. An added exciting benefit is being able to create tournaments and challenges, stream exclusive content, and be featured via the Members' Hub.

SLT-MOBITEL has continuously supported eSports in the country, helping cyber athletes receive an unparalleled experience and unlock the potential of the esports ecosystem in Sri Lanka. The new subscription-based options available for everyone through the portal mark an exciting new phase for countrywide eSports and further strengthens SLT-MOBITEL's aspiration of a digital Sri Lanka.
