

SLT-MOBITEL IDD Offers Quality, Uninterrupted International Call Service

Posted on

SLT-MOBITEL provides SLT Home customers the privilege of premium quality uninterrupted International Direct Dialling service with crystal clear voice clarity, ensuring they can talk with family and friends overseas whenever they want.

All SLT Home Customers' phones are now IDD (International Direct Dialling) enabled with crystal-clear quality and high reliability, ensuring uninterrupted international call facilities and bringing loved-ones closer. SLT-MOBITEL offers competitive IDD rates to all countries, allowing customers to choose from 'Per Second' or 'Per minute' based tariff plans based on their calling needs. Additionally, from contacting family and friends during special occasions to conducting valuable business calls, SLT-MOBITEL customers can enjoy

superior voice quality for all their international calling requirements. SLT-MOBITEL is committed to providing services that meet customers' needs for quality and simplicity, and SLT IDD remains the most preferred international communication method.
