

SLT-MOBITEL Nebula Institute of Technology Graduation 2024

SLT-MOBITEL Nebula Institute of Technology Graduation 2024.

SLT-MOBITEL Nebula Institute of Technology, the educational arm of SLT-MOBITEL, hosted its annual graduation ceremony. Celebrating the achievements of its latest cohort of graduates, the graduation ceremony paved pathways for their future success and aspirations. The convocation was the first graduation ceremony since the brand's relaunch, setting a significant milestone for the Institute.

The ceremony marked a significant milestone for students who completed various globally recognized engineering and ICT-related specialist programs offered by the Institute, including the BEng (Hons) Degree Programme conferred by the University of Hertfordshire, UK, as well as the BTEC Higher National Diploma (HND) in Electrical and Electronic Engineering and the BTEC Higher National Diploma (HND) in Digital Technologies awarded by Pearson, UK. This year's event further demonstrated the Institute's pledge to nurture the next generation of tech talent in Sri Lanka.

The graduation ceremony included 159 graduates, of which 23 were employees of SLT-MOBITEL with dreams of scaling new careers. The event also served as a testament to SLT-MOBITEL's commitment to supporting the development of Sri

Lanka's ICT sector, specifically focusing on helping prospective students pursue careers in engineering and ICT specializations. As the country strives to position itself as a technological hub in the region, institutions such as SLT-MOBITEL Nebula Institute of Technology become increasingly crucial in shaping the industry's future.

Celebrating academic excellence, three students were honored for their achievements. Habarakadage Janaka Chathuranga Abeywardena received the Best Student Award for outstanding performance in the Bachelor of Engineering (Honors) in Electrical and Electronic Engineering program from the University of Hertfordshire, UK. In the Pearson BTEC qualifications, Hetti Arachige Dileesha Shenal Ashinsa Perera earned the Gold Medal for Best Academic Performance in Level 5 Higher National Diploma in Engineering (Electrical and Electronic Engineering), and Udawala Hewayalage Iresha Dilrukshi De Silva secured the Gold Medal for Best Academic Performance in Level 5 Higher National Diploma in Digital Technologies.

The event was broadcast live on PEO TV Channel 20. It was also streamed on YouTube and Facebook Live, enabling a broader audience to participate in the event. The graduation ceremony was a celebration of the students and their achievements. Furthermore, it highlighted the caliber of the Nebula Institute's education and its role in helping students achieve their engineering dreams and future success.
