

Slt Mobitel Partners With HNB To Provide Easy Access For Sri Lankans To Receive Foreign Payments

SLT Mobitel will give easy access for Sri Lankans to obtain foreign remittances transferred via MoneyGram at any of its branches countrywide. The service will be

enabled in partnership with Hatton National Bank, the super-agent for MoneyGram in Sri Lanka, which will effectively allow SLT Mobitel to expand the number of locations in which customers can obtain MoneyGram Inward Remittance Services.

The receiver can simply visit the nearest SLT Mobitel branch and hand over the MoneyGram reference number and provide identification to collect money. Foreign inward remittances to Sri Lanka generates the highest revenue, and by expanding the delivery channels further, SLT Mobitel is proud to be contributing to the economic growth of the country.

In the near future, SLT Mobitel will integrate MoneyGram with mCash, in order to allow customers to transfer money directly to a mobile phone.

Nalin Perera, chief operating officer of SLT Mobitel, said, “Our new partnership with MoneyGram allows us to reach a larger consumer base while providing access to monetary services to more people. This is indeed a great opportunity for SLT Mobitel as it allows us to penetrate new markets, and further increase the range of services that we deliver to our customers.”

Kalum Wijesooriya, assistant general manager of Hatton National Bank Deposits and Remittances, said, “We are extremely happy as the super-agent for MoneyGram to welcome on board SLT Mobitel to the sub representative network in Sri Lanka and strongly hope that this partnership will add much value to the beneficiaries of MoneyGram payments in Sri Lanka in terms of creating more easy access points to collect their MoneyGram Payments.”
