Enjoy Speed Based Unlimited Data Plans
with SLT-MOBITEL FIBRE

Aligned to the commitment to deliver unparalleled value, reliability, and seamless connectivity to customers across the nation, SLT-MOBITEL presents the latest update as novel Fibre Speed-Based Unlimited Data Packages.

Based on consumption patterns, SLT-MOBITEL's Fibre Speed Based Unlimited packages delivers speeds from 100Mbps up to 1000Mbps, meeting the diverse needs of customers. Users can enjoy hassle-free internet browsing, streaming, video conferencing, online gaming, with seamless downloading of large files at their fingertips.

SLT-MOBITEL's enhanced connectivity services enable users to maximize their internet experience. Setting a new standard in Sri Lanka's connectivity market, SLT-MOBITEL's Speed Based Unlimited packages respond to the growing demand for high-speed, uninterrupted internet access. These packages are tailored to meet diverse user requirements with various speed tiers, ensuring seamless browsing, smooth streaming, and lag-free gaming. In addition to speed, the new packages offer enhanced reliability, improved latency for a superior online experience. Customers can also enjoy flexible data usage, ensuring uninterrupted video calls, remote work, and e-learning. Furthermore, SLT-MOBITEL provides value-added services such as parental controls, Wi-Fi optimization, and bundled entertainment options, making these packages ideal for modern digital lifestyles.

SLT-MOBITEL's superior Fibre technology offers a cutting-edge digital experience with lightning-fast speeds, unmatched reliability, and exceptional performance. With SLT-MOBITEL Fibre connectivity, customers can enjoy crystal-clear video calls, buffer-free 4K streaming, and seamless cloud gaming. Additionally, fibre's superior signal strength ensures consistent performance even during peak usage hours, making it the perfect choice for multi-device households.

The packages deliver exceptional coverage for Home broadband users with unimpeded connectivity, whether it is streaming entertainment, remote learning, work-from-home requirements, or online gaming, the comprehensive solution ensures seamless connectivity for modern digital lifestyles.

Customers can easily upgrade their existing packages or apply for new connections through SLT-MOBITEL's user-friendly MySLT app or visiting any SLT-MOBITEL branch nationwide. New customers can also initiate their connection requests via www.sltmobitel.lk. For more information about the new Unlimited Data Packages or assistance with applications, customers can visit sltmobitel.lk or call the 24/7

hotline at 1212.
