Sahajeewani, DGM-Procurement; Dammika Gunawardena, DGM-HR and Administration; and Shaja Shajahan, Acting Manager-IT.

SLT-MOBITEL's mobile money platform mCash has announced a strategic partnership with Lanka Sathosa, to introduce bill collection services across Lanka Sathosa's extensive network of outlets nationwide, transforming the retail experience for customers. The partnership leverages SLT-MOBITEL's cutting-edge financial technology infrastructure powered by mCash to enable seamless bill payment facilities at over 448 Lanka Sathosa outlets island-wide. This value-addition empowers Sathosa customers to conveniently make utility and telecommunication bill payments, insurance premiums, finance and leasing payments, and so much more. At the same time, they engage in regular shopping activities.

The strategic partnership offers numerous benefits that align with Sri Lanka's broader digital economy initiatives. It significantly enhances accessibility to digitized services,

particularly in suburban and rural areas. In addition, the synergy provides customers the convenience of combining shopping and bill payments at a single location while accelerating the adoption of digital transactions across diverse communities.
