

# SLT Partners With INFOTEL 2019

(L - R): Prabhath Dahanyake, Chief Marketing Officer, SLT; Priyantha Fernandez, Chief Operating Officer, SLT; Kiththi Perera, Chief Executive Officer, SLT; Kumarasinghe Sirisena, Group Chairman, SLT; Abbas Kamrudeen, Chairman, FITIS; Fazlool Sheriff, Chairman, Main Organizing Committee, INFOTEL 2019; Dr Kithsiri Manchanayake, Immediate Past Chairman, FITIS; and Aruna Alwis, CEO, FITIS.

Sri Lanka Telecom partners with national ICT expo, INFO-TEL 2019 as the Principal Sponsor. Held for the 27th consecutive year, the theme this year is 'Towards a Digital Nation.'

INFOTEL is a platform where ICT knowledge and experience as well as futuristic ICT solutions are shared with business leaders, professionals, students, and educationalists.

This year's INFOTEL expo covers several areas including ICT education, training and career guidance, software solutions, hardware and digital devices as well as digital lifestyles and smart city concepts, mobile computing, systems integration, computer gaming, cloud computing and emerging technologies.

Kumarasinghe Sirisena, Chairman, SLT said, "It is an honor for us to partner with INFOTEL once again this year. ICT and digitalization will play a catalytic role in Sri Lanka's future, and to achieve our country's economic development goals. Being a leader in ICT in Sri Lanka, we understand that as well as the importance of INFOTEL better than anyone else. This is why we continue to play a key role in contributing towards the country's vision of realizing a 'Smart Sri Lanka,' in every way possible."

Abbas Kamrudeen, Chairman, FITIS, explained that this year's INFOTEL themed 'Towards a Digital Nation,' aims at building a holistic nation that thrives on digital

technology. This would enable citizens of all sectors, and the government to synchro-nize all economic activities around technology for growth and development.

“We are very pleased that SLT being the principle sponsor at INFOTEL 2019 adds a significant value in making Sri Lanka a digital nation and as an ICT industry body we convey our gratitude to SLT.”
