SPA CEYLON

Spa Ceylon unveiled its 70th luxury spa and retail space in Negombo, one of the bustling tourist destinations in the country. The elegant three-storied building boasts its imposing presence with a bright façade adorned with Spa Ceylon signature palace art. The facility is designed to be the epitome of luxury retail in Negombo. The latest outlet was ceremonially opened by Shiwantha Dias and Shalin Balasuriya, Founders of Spa Ceylon amidst a gathering of special guests and invitees.

Upon entrance, customers are greeted by soothing Ceylonese melodies and rich fragrances. The ambience appeals to all senses and the luxury spa and outlet are thoughtfully designed. The multi-sensory and multidimensional experience includes the gourmet Ceylon Tea collection, Ceylon Elephant Co carousal, a wellness wall of island balms, palace art gift gallery, Eau de Ceylon aroma bar, luxury soap buffet, a wellness bath and body wall and a home aroma selection.

While the store flows into a luxuriously laid out spa experience on the upper floors, the beach-side garden features the signature Spa Ceylon gourmet tea and relaxation lounge. The spa offers an extensive range of luxury Ayurveda treatments including Ayurveda facials, body scrubs, body polishes as well as waxing, nail and beauty services.
