TONI&GUY Sri Lanka Redefines Beauty at a Landmark Celebration

TONI&GUY Sri Lanka redefines luxury beauty with world-class styling, grooming, and signature precision.

In a world where style meets sophistication, TONI&GUY Sri Lanka continues to set the standard for premium beauty. In March, against the backdrop of Shangri-La Hambantota, the brand brought its distinctive signature to one of the region’s most lavish celebrations – a four-day wedding attended by over 800 guests from around the world.

Conceptualized as a multi-day celebration, the occasion demanded more than service – it required seamless coordination of beauty at scale. As the official luxury beauty partner, TONI&GUY Sri Lanka assembled a team of professionals to deliver high-volume, on-site styling with precision. From polished hair and makeup for ladies to precision haircuts and beard grooming for gentlemen, every service reflected efficiency, consistency, and the brand’s signature finesse.

Precision in every detail—backstage beauty.

Operating on-site across four days, the team provided custom hairstyling, makeup artistry, and tailored grooming experiences through a mobile salon at the venue. Each look was carefully aligned with the tone of each event, balancing heritage influences with contemporary elegance. This marked the second international wedding of this scale for TONI&GUY Sri Lanka within six months, further reinforcing its reputation as a trusted authority in the execution of large-scale luxury beauty.
