

Toyo Tire Among The Top Ten Largest Tire Manufacturing Companies

Toyo is a technology-focused global brand with an extensive product lineup acclaimed for exceptional performance and quality. Tire products are for passenger vehicles, large vehicles such as SUVs, CUVs and pickup trucks as well. All tire types have gained worldwide acceptance over many years and has established a long standing OEM partnership with Japanese motor companies.

Toyo further improved its tires with Spiral Winding and a Rim Flange Protector.

Using High Elongation Steel Cord and Belt Defender Technology allows Toyo to extend its casing warranty longer than any other manufacturer and aggressively developing and promoting NANO-ENERGY to achieve the goal of fuel efficient tire that rolls smoothly on dry roads and stops safely on wet roads

G C Roche and Company, a subsidiary of Douglas and Sons (DSL) is the sole distributor for TOYO tires in Sri Lanka.

TOYO tires are available from dealers island-wide.
