

Vallibel Finance: Surpassing Rupees 100 Billion Milestone

Vallibel Finance, a prime example of rapid growth and dynamism, has recently surpassed a milestone by achieving over 100 billion rupees in assets.

Jayantha Rangamuwa, MD, Vallibel Finance.

In 17 years, Vallibel Finance has transformed from a startup into one of Sri Lanka's prominent financial institutions. With a modest beginning in 2007, when it launched with only six employees, the company has reached the extraordinary milestone of surpassing over 100 billion rupees in assets. This impressive growth trajectory places Vallibel Finance in the elite circle of the country's largest financial firms. What sets Vallibel Finance apart is its rapid rise and the unwavering determination, integrity, and strategic foresight that have driven its success.

Vallibel Finance has achieved remarkable success under the leadership group, where a clear vision and skilled management have steered the company through numerous challenges. With a strong commitment to exceptional corporate governance, integrity, and consistently surpassing targets, the company has effectively navigated a dynamic market landscape while remaining dedicated to its pursuit of excellence.

“Our unwavering commitment to delivering exceptional financial services and consistently earning the trust of our customers have firmly established Vallibel Finance as one of Sri Lanka’s leading finance companies,” says Jayantha Rangamuwa, MD, Vallibel Finance.

This vast network’s support, talented workforce, and aggressive growth strategy have enabled Vallibel Finance to evolve from a startup to a respected and distinct entity in the financial sector.

Vallibel Finance was valued at 50 billion rupees just four years ago. Since then, the company has experienced remarkable growth, with its portfolio now standing at 100 billion rupees—an impressive doubling in value. With a strong strategic outlook, Vallibel Finance is set to continue this momentum and is targeting a further doubling of its assets in the near future.

“Our excellence is reflected in our impressive business volume, robust disbursements, and growing deposits”, said Rangamuwa.

A symbol of this remarkable journey is the company’s state-of-the-art 16- story corporate building on Galle Road, a landmark completed in just two and a half years. The building represents the company’s evolution and commitment to growth. What truly sets Vallibel Finance apart is its ability to take calculated risks during challenging times. Despite the economic uncertainty from the 2019 Easter Sunday attacks, the COVID-19 pandemic, and the ongoing economic challenges, the company boldly pursued growth. This fearless and strategic approach enabled the company to thrive during turbulent periods and emerge stronger. The company’s resilience and innovative thinking have also extended to its human capital, creating over 1,700 employees and helping stimulate Sri Lanka’s economy. With 75 branches and an expanding network, Vallibel Finance is poised for greater growth by 2025.

Vallibel Finance is committed to sustainable growth by studying market trends to

find opportunities for its customers and the economy. Its dedication to its mission, values, and customers will be the key to future success.
