Vision Care as the official Eye-Care partner for National Junior Hockey Championship 2025.

Vision Care has partnered with the Sri Lanka Schools Hockey Association as the official Eye-Care Partner for the National Junior Hockey Championship 2025. This tournament featured 14 men's teams and 10 women's teams from across the country.

As part of this partnership, Vision Care provided more than just financial support. They offered free vision screenings for the boys' and girls' teams, as well as for match officials. This shows Vision Care's commitment to supporting sports and hockey by ensuring young athletes have access to proper eye care, which is important for their performance.

Anuruddha Herath Bandara, Secretary of the Sri Lanka Schools Hockey Association, said, "It is great to have an organization like Vision Care supporting the Sri Lanka Schools Hockey Association. We deeply appreciate Vision Care for being a key sponsor and helping our young athletes develop their skills and personal growth." This collaboration highlights Vision Care's commitment to youth development, sports, and overall well-being in Sri Lanka. By supporting these initiatives, Vision Care hopes to inspire young athletes and raise awareness about the importance of eye health in sports.

Harsha Maduranga, GM, Vision Care, shared his excitement about the sponsorship, saying, "At Vision Care, we believe that sports promote a healthy and active lifestyle. Supporting organizations like the Sri Lanka Schools Hockey Association fits with our commitment to well-being. Hockey requires good vision, focus, and agility, and we are proud to help players succeed by taking care of their eye health. Additionally, Vision Care offers a range of eyewear solutions, including glasses, sunglasses, and contact lenses, for various outdoor sports activities."
